CORRECTIONAL SERVICE OF CANADA

SNAPSHOT FEDERAL CORRECTIONAL INSTITUTIONS:

- CSC manages approximately 12,736 inmates in **43 correctional institutions** across the country.

- Inmate testing results available online.

- Conducted over **1600** contact tracing events.

- CORCAN has produced over **730,000** non-medical masks.

Health and Safety Measures in all Institutions

- All sites across Canada have implemented **extensive health and safety measures** to prevent the spread of COVID-19. These include:
 - Use of masks; physical distancing; hand hygiene; active health screening of anyone entering an institution; and frequent cleaning and disinfecting at sites.

- **Protocols in place** when an inmate or employee is symptomatic or tests positive, including:
 - Medical isolation for inmates or self-isolation for employees, contact tracing and testing, as required.
 - Medical isolation is guided by health principles and defined in policy.
- **PPE at each site**, including masks, gloves, gowns and eye protection.
- Trained over **250 employees** to do contact tracing.
- Ensuring that all recommendations from independent **infection prevention and control (IPC) reviews** conducted at all institutions have been implemented.
- Working with the Canadian Red Cross on **preventative and outbreak** support.

Update on Testing Strategy

- CSC recently received **rapid COVID-19 tests** that return results in less than one hour. Protocols for using these new tests are being developed in collaboration with PHAC & integrated into CSC's testing strategy.
- Continue to offer **asymptomatic testing** & mass testing at outbreak sites for all staff & inmates.
- To date over 40 sites have **offered testing** with many sites offering more than one round of testing.

Influenza Vaccination

- CSC is targeting to immunize **80%** of the inmate population **65 years of age** and older, as well as other higher risk groups.
- Campaigns focus on ways to **increase the uptake** of the flu vaccine, including discussion with Inmate Committees and individualized engagement.

PLANS AND PREPAREDNESS FOR COVID-19

EVERGREEN | NOVEMBER 2020

Integrated Risk Management Framework (IRMF)

- CSC's decisions on operational activities are based on mitigation strategies **outlined in the IRMF** and each activity has a customized plan.
- The IRMF has been developed in collaboration with **labour partners and stakeholders**.

Facilities and Supplies

- Enhanced **cleaning protocols** at all sites, including disinfecting common areas and high-contact surfaces.
- Equipped sites with **cleaning supplies** and hand sanitizer.
- Significant inventories of Personal Protective Equipment (PPE) in place and **ready for use**.
- Expanded the use of **laundry bleach** across sites and working to **increase** hot water capacity.
- Completing a review of **ventilation system** air filters.

WHAT'S NEXT

- Continued **close monitoring** of the situation across the country, in collaboration with public health. We are **ready and prepared** to take targeted actions, as required.
- CSC continues to use its authorities for the **safe release** of offenders in order to reduce the spread of the virus in its correctional institutions.
- **Continued and frequent communications** with employees, inmates, stakeholders and the public with a focus on prevention and transparency, including online publishing of daily inmate testing results.
